# FELLOW OF THE ASSOCIATION OF MEDICAL ILLUSTRATORS

## Information and Guidelines

ABOUT THE PROGRAM	The following is a list of the criteria and designated points, <i>which are accrued during the one-year period between the AMI Annual Meetings</i> (unless otherwise indicated) toward becoming a <i>Fellow of the AMI</i> .	
<p>The AMI Fellow Program was developed to formally recognize voluntary service to the Association, and is designed to give incentive to the membership to participate in the organization on many different levels. This multilevel approach allows a member to be involved at a level of service for which he or she feels comfortable and has some expertise.</p> <p>The weighted point system was designed to consider the contribution and importance of each service criterion to the Association.</p> <p>When a member accumulates a total of <b>1000 points</b>, that member is eligible to be awarded <b><i>Fellow of the Association of Medical Illustrators</i></b>.</p> <p>Points are awarded at the end of each fiscal year upon completion of a member's term of service. All Fellow Point Accumulation Forms must be properly documented and received by the AMI Headquarters no later than May 1st to be eligible for inclusion in that year's Fellow Convocation Ceremony at the AMI Annual Meeting.</p>	<b><i>AMI National Office</i></b> <span style="float: right;"><b>Points/Year</b></span>	<b><i>AMI Publications</i></b> <span style="float: right;"><b>Points/Year</b></span>
